## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steven Rutt on Tuesday, May 10, 2005.

The application has been amended as follows:

Claims 1-39 and 63-71 are cancelled as non-elected claims.

2. Claims 40-62 and 72-73 are allowed over the prior art of the record.

### ***Reasons for Allowance***

3. The following is an Examiner's Statement of Reasons for Allowance: The primary reason for allowance of the claims is that prior art neither teach nor fairly suggest the particular combination of the microfluidic device as presented in the independent claim 40. Major emphasis is being placed upon the provision of a "*fluid channel*" associated with specifically located "*first and second polymers*", *in* combination with other limitations of the said claim and its dependent ones.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
